We conducted targeted interviews with students from J&K.  
Here are the videos :-

# CAT Assessment Process

## Step 1: Begin Your Journey

During onboarding, the system analyzes student's responses and generates questions tailored to their interests, ensuring a more relevant and engaging experience.

## Step 2: Proceed to the next phase of the process.

Answer all questions thoroughly this section is critical, so explore each feature and provide complete responses.

## Step 3: Proceed to the next phase of the process

After completing the assessment process, you will receive a clear roadmap that identifies the optimal career path to achieve your goals. This structured approach helps you stay focused and prevents distractions from alternative pathways that may not align with your strengths and objectives.

# OFFLINE FUNCTIONALITY

Works on low or no internet

1. User actions are stored offline
2. Works on cache storage
3. LLM model capable of running on small devices

# AI CHATBOT

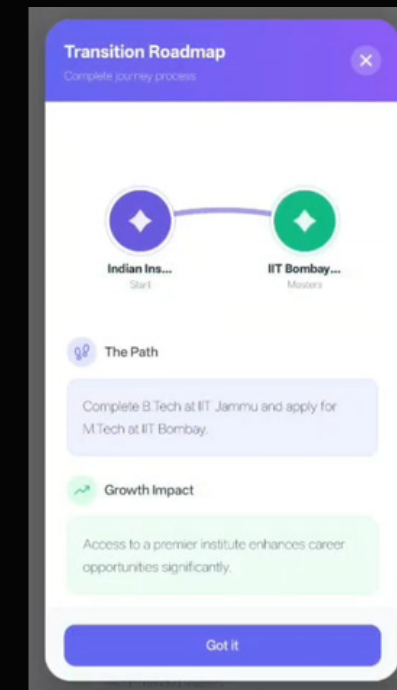

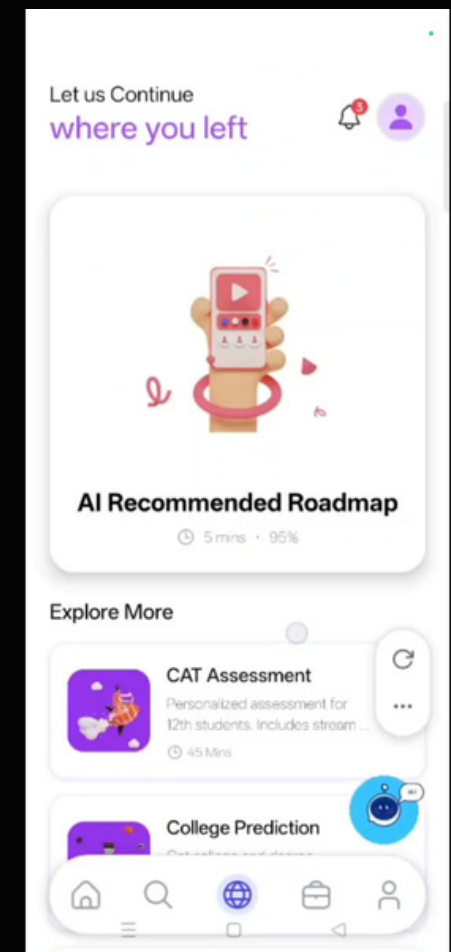

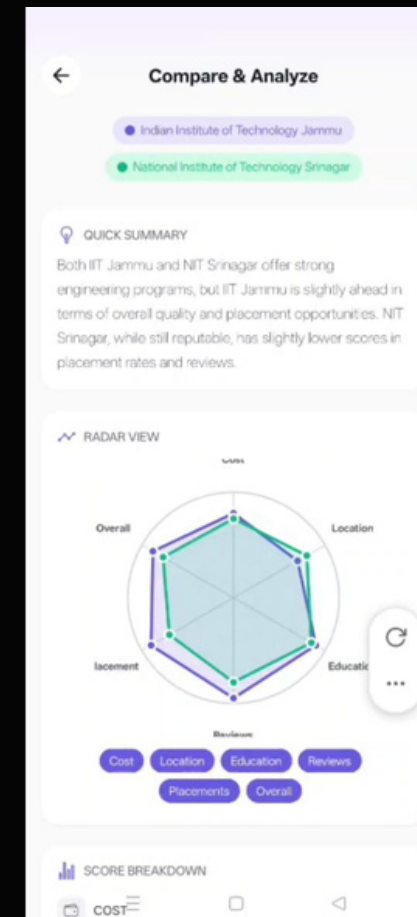

1. Instant answers to student queries.
2. 24/7 support, anytime anywhere.
3. Acts as a friendly, smart study companion.

# AI GAMIFIED ROADMAP

## Compares different paths

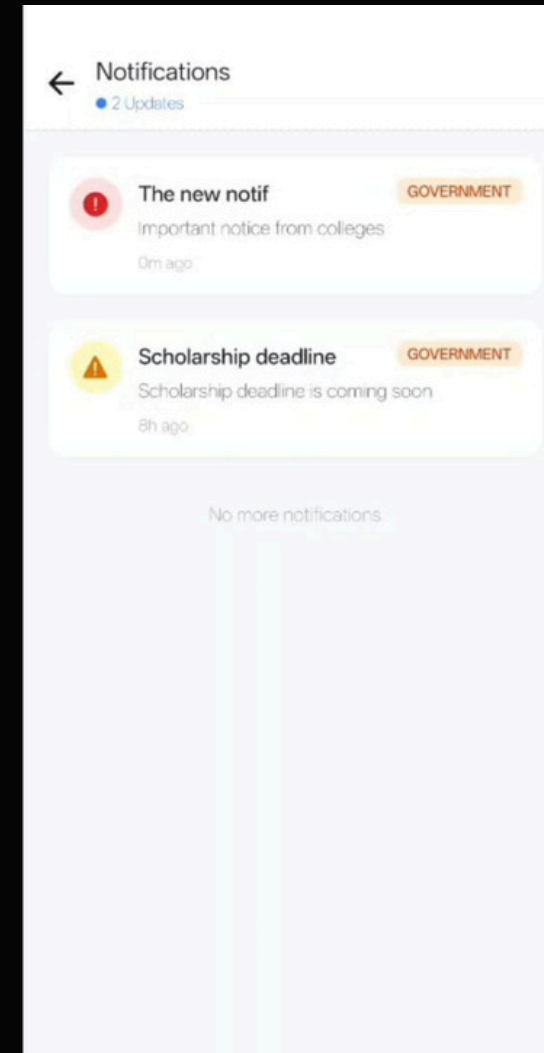

1. To guide students step-by-step toward their ideal career according to their interests and aptitudes
2. Side-by-side course & career comparison providing clarity and comprehensive insights
3. Assists students in selecting the optimal educational and professional pathway

# SMART ALERTS

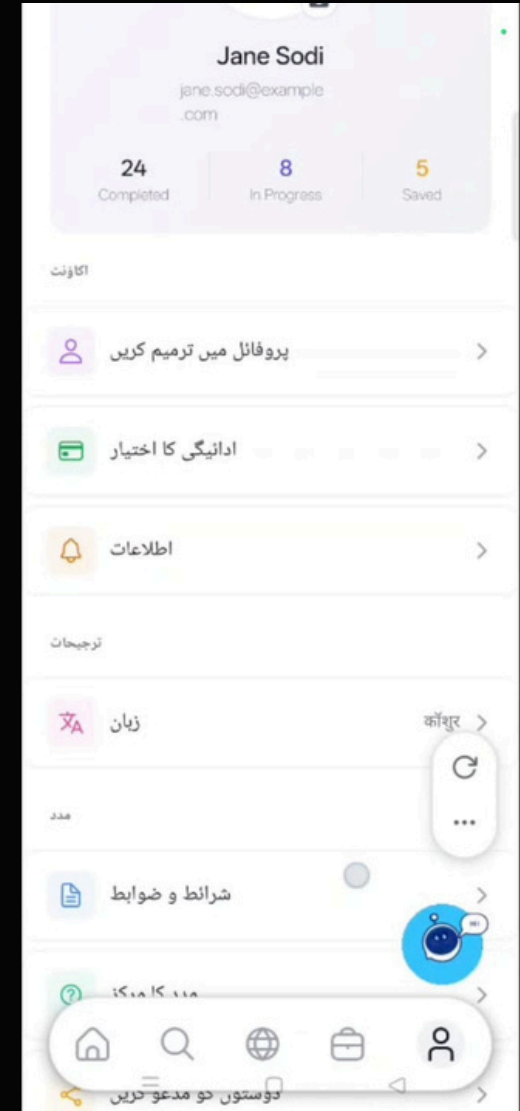

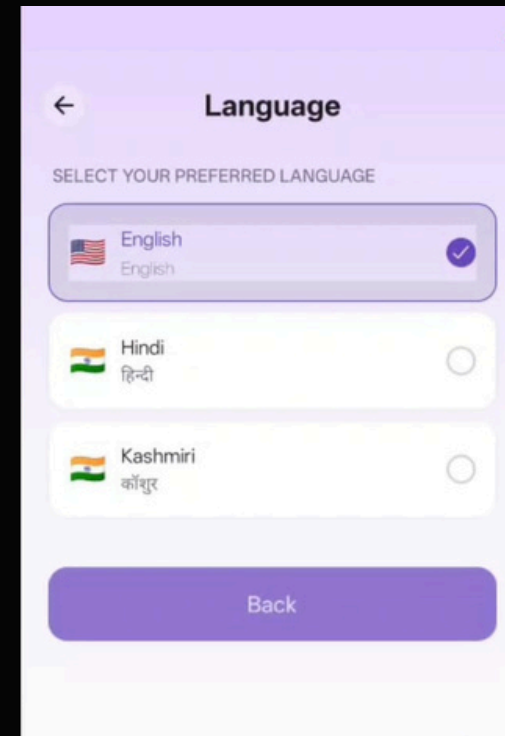

Keeps you up-to-date

1. WhatsApp/SMS notifications will be sent to keep you informed
2. Various relevant scholarships available for eligible students
3. Government schemes including National Scholarship and other financial assistance programs
4. Particularly beneficial for students from economically disadvantaged backgrounds

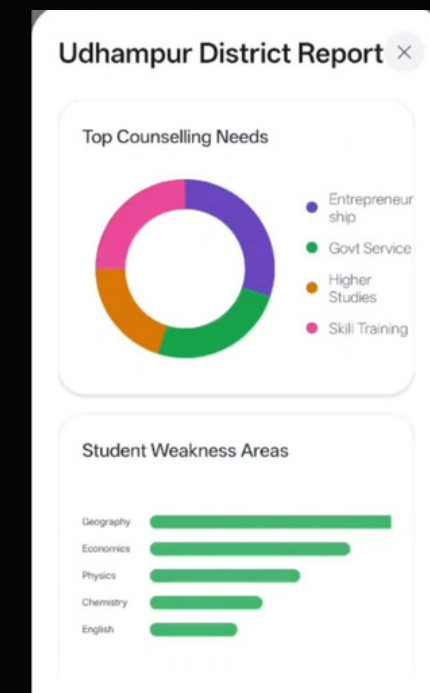

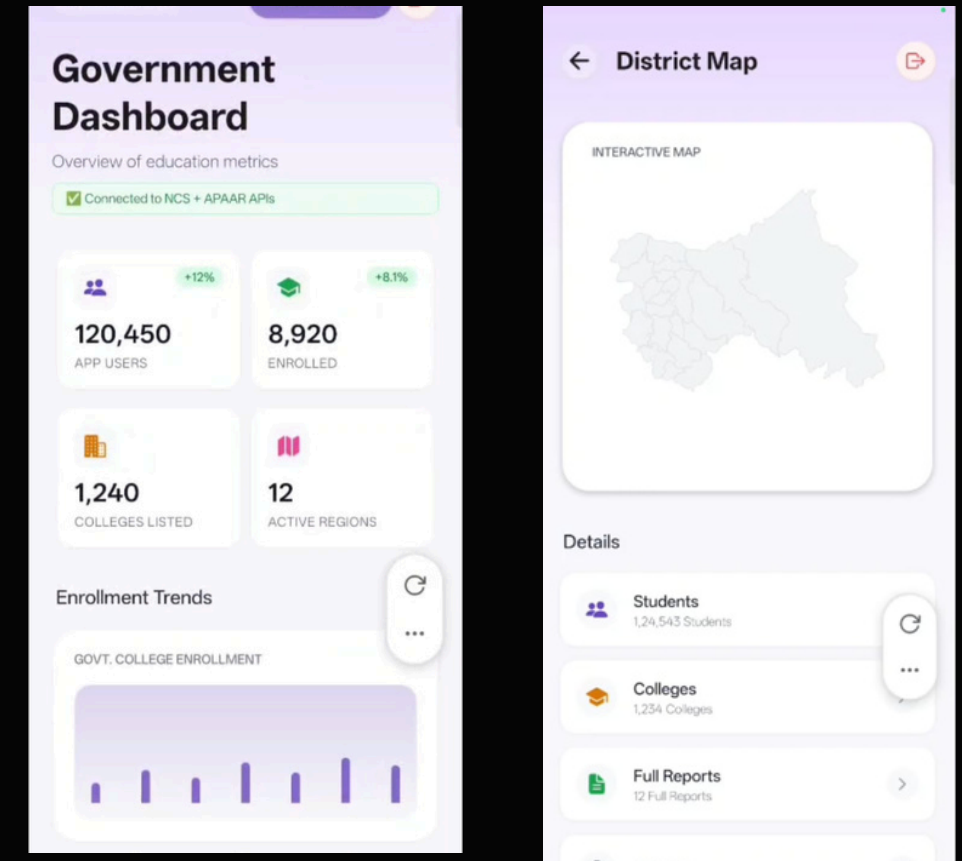

# *Multilingual Support*

- 1.Provides complete multilingual support for users
- 2.Allows switching to Kashmiri or other local languages
- 3.Entire app interface adapts to the selected language
- 4.Enhances accessibility and comfort for regional students

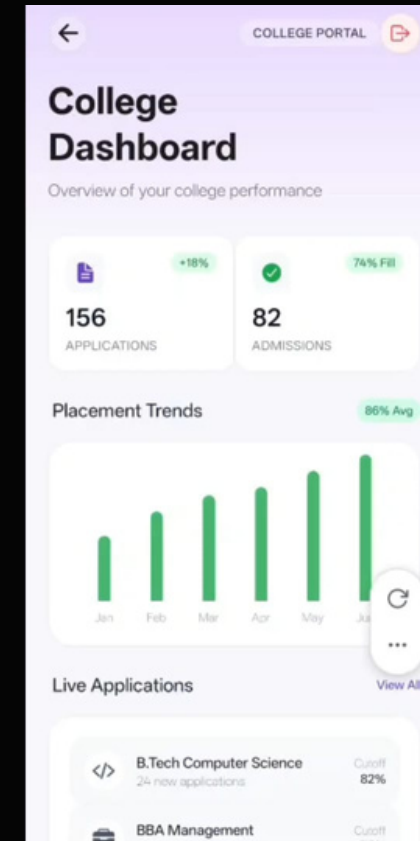

# GOVERNMENT DASHBOARD

- 1) Government officials can log in using their official ID and password.
- 2) A clickable map of Jammu & Kashmir provides district-wise insights.
- 3) View detailed reports on counselling needs across districts.
- 4) Identify common student weakness areas and learning gaps
- 5) Track government college admission trends and demand patterns.
- 6) All reports are fully downloadable for documentation and analysis.

# COLLEGE DASHBOARD

- 1) Overview of overall college performance and key metrics.
- 2) Track applications, admissions, and year-wise trends
- 3) Monitor placement statistics and patterns
- 4) Review and manage incoming student applications
- 5) Add and maintain alumni information for mentorship and networking

The 'Applications' screen allows users to review and manage student applications. It lists three students: Aarav Sharma (B.Tech Computer Science, Score: 88%, Status: UNDER REVIEW), Priya Verma (BBA Management, Score: 81%, Status: SHORTLISTED), and Rahul Singh (B.Tech Computer Science, Score: 92%, Status: INTERVIEW SCHEDULED). Each entry includes a 'View Profile' link and a refresh icon.

Student Name	Program	Score	Status
Aarav Sharma	B.Tech Computer Science	88%	UNDER REVIEW
Priya Verma	BBA Management	81%	SHORTLISTED
Rahul Singh	B.Tech Computer Science	92%	INTERVIEW SCHEDULED

The 'Add Alumni' screen is used to create a new alumni profile. It includes input fields for Full Name, Current Company, Role, and Passing Year, each with a placeholder example. A 'Save Profile' button is at the bottom, accompanied by a refresh icon and a menu icon.

Full Name: Enter alumni name

Current Company: e.g. Google, TCS

Role: e.g. Software Engineer

Passing Year: e.g. 2022

Save Profile

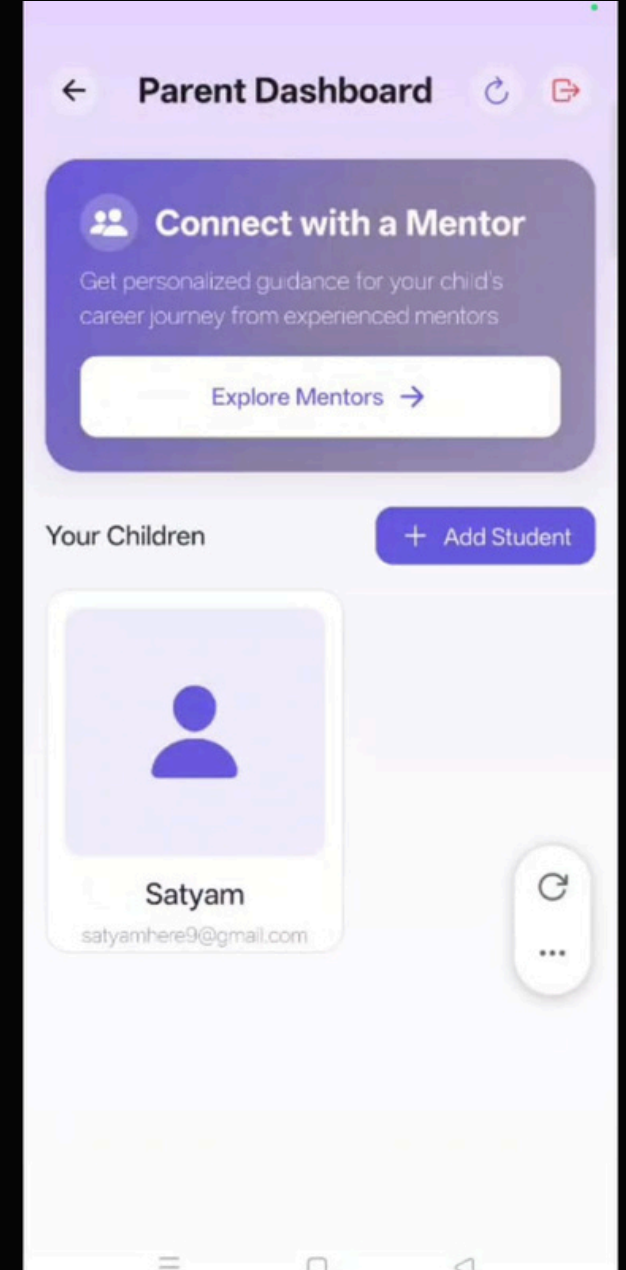

# ***MENTOR DASHBOARD***

- 1) Students can interact with experienced professionals for real guidance.
- 2) Students can connect with fellow learners to share knowledge and experiences.
- 3) Personalized suggestions on courses, career paths, and future opportunities.
- 4) Quick chat or call support to clear confusion without delays.

# PARENT DASHBOARD

- 1) Introduced a dedicated Parent Dashboard to improve awareness among students and their parents
- 2) Allows parents to track their child's academic progress and development
- 3) Enables parents to view their child's interests and learning preferences
- 4) Provides clarity and transparency into the student's learning journey and growth

# THANK YOU!
